SUMMARY

Motivated and detail-oriented Computer Science Engineering student with hands-on experience in web development and real-world project building. Passionate about creating user-focused applications and solving practical problems through technology. Worked on full-stack applications, AI-based systems, and educational platforms while developing problem-solving and teamwork actively engaged in technical content creation and learning initiatives.

TECHNICAL SKILLS

Languages: Python, JavaScript

Frontend Technologies: HTML, CSS, React.js

Backend Technologies: Node.js, Express.js, REST APIs

Databases: MongoDB, SQL

Tools & Platforms: Power BI, MS office Tools, ChatBots, Git, GitHub, VS Code, n8n

PROJECTS

RankHance – EAMCET Preparation Platform

React.js, Node.js, Express.js, MongoDB, Razorpay, REST APIs

- Collaborated in developing an EAMCET preparation platform with mock tests, analytics, leaderboard systems, and student performance tracking features.
- Built scalable REST APIs and responsive frontend interfaces for authentication, performance tracking, and user management.
- Integrated Razorpay payment gateway with secure transaction handling and premium subscription features.

AI Chatbot using React, Node.js & n8n

React.js, Node.js, Express.js, n8n, REST APIs

- Developed a full-stack AI chatbot application with a React frontend and Node.js and Express backend for real-time user interactions.
- Integrated n8n workflow automation with AI APIs for automated response generation, webhook handling, and backend task processing.
- Built secure REST API communication and designed responsive chat UI components for smooth and scalable chatbot functionality.

EDUCATION

R.V.R & J.C. College of Engineering

2023 – 2027

B.Tech in Computer Science and Engineering (Data Science)

CGPA: 7.54/10

Vignan Junior College

2021 – 2023

Board of Intermediate Education (MPC)

Percentage: 91.1%

Sri Chaitanya High School

2020 – 2021

Board of Secondary Education

First Class With Distinction

INTERNSHIP

Skill Craft Technology

- * Completed an online Data Science internship at SkillCraft Technology, working on real-world data analysis and exploratory data analysis projects using datasets like Titanic and Bank Marketing while gaining hands-on experience in data cleaning, visualization, and analytical problem-solving.

CERTIFICATIONS & ACHIEVEMENTS

- Oracle AI Foundations Associate • FutureSkills Prime in emerging Technologies
- Created educational and technical content on Instagram focused on C, Python programming, EAMCET preparation, and technology topics.
- Successfully completed a 17-day C Programming series for beginners on Instagram and YouTube.
- Achieved 1.3M+ views in the last 30 days and built a community of 14K+ followers on Instagram.
